If you miss the old version of this theme you can find it in the repository. I am looking for a book that I think may have been called "Santa Claus is Coming" or something like that and it could have been written in the 's or early 's. The additional labour supplied by workers working in other sectors or unemployed who are now more attracted to the jobs in the sector because it is paying higher wages, was not considered. I just am so lost and am looking any advice what so ever to do since you have been a child in the situation.
