Driven by various interpersonal properties explored fully in Chapter 8 these are norms concerning the protection of contexts and the negotiation of intimacy. On one hand, there are forums with a basilica located on the opposite side to that which housed the religious building, with the longest side perpendicular to the longitudinal axis of the forum, as is the case with Caesaraugusta, Clunia, Baelo, Claudia or

Segobriga. A description of these eight specific constructs is provided below, followed by a discussion of the hypothesized model of problem behaviors. His actions of service inspire all to follow his example - even to take the lead instead of just following.
